DETAILED ACTION

Receipt is acknowledged of the amendment and declaration filed 07/09/2009 and 07/30/2009.

The rejection under 35 USC 103(a) is withdrawn for method claims 21, 22, 32-44. However the rejection is maintained for stent claims 18-20, 26-31.

The declaration under 37 CFR 1.132 filed 07/30/2009 is insufficient to overcome the rejection of claims 18-20 and 26-31 based upon 35 USC 103(a) as set forth in the last Office action because: While the declaration clearly shows that the claimed conditions are not suggested by the references, the inclusion of the claimed compound into stents still appears to be suggested by the references.

Response to Arguments

Applicant's arguments filed 07/09/2009 have been fully considered but they are not persuasive.

While it is agreed that the references do not address the specific conditions being treated in the claims, applicant fails to adequately show why 3-deazaadenosine would not be included in stent formulations given the teachings of the combined references. As such, the rejection is maintained with reference to the stent claims only.

Applicant is advised that amendment of the method claims to include the stent formulation from which they depend, as well as cancellation of the stent claims would place the claims in allowable status.

Allowable Subject Matter

Claims 21, 22, 32-44 allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
